DOMINION ORDERS IN COUNCIL.

NOTICE.

Certified Copy of a Report of the Committee of the Privy Council, approved by His Excellency the Governor-General on the 5th Day of January, 1920.

THE Committee of the Privy Council have had before them a report, dated December 27th, 1919, from the Minister of the Interior, stating that the Western Canada Lime Company, of New Westminster, has made application to the Department of the Interior for a lease of that portion of Sections 5, 6, 7, and 8, in Township 3, Range 28, west of the 6th initial meridian, containing an approximate area of 130 acres, comprising the submerged bed of Cheam Lake in the Railway Belt, in the Province of British Columbia, for the purpose of recovering a deposit of disintegrated lime from the bed of that lake, to be used for fertilizing purposes.

The Minister further states that the Deputy Minister of the Department of Agriculture for the Province of British Columbia, in a communication dated the 27th of February, 1912, stated that he fully concurred in the representations made to the Department of the Interior that there was a great desirability for a supply of crushed-rock lime at

reasonable prices for agricultural purposes, and that this was the best form in which it could be used.

The Minister observes that it would appear that permission has been granted by the Provincial Government to divert a certain quantity of water from this lake for domestic and power purposes, and that entries have been granted under the provisions of the Provincial regulations for certain mineral claims, comprising a portion of the bed of the lake.

In view of the demand which would appear to exist for lime to be used for fertilizing purposes, the Minister recommends that he be authorized to grant permission to the Western Canada Lime Company, Limited, to recover the deposit of disintegrated lime or marl from the available portion of the bed of Cheam Lake, comprised in the lands already described, upon the following terms and conditions:—

(1.) The term of the lease to be ten years, and the rental at the rate of twenty-five cents an acre per annum, payable yearly in advance:

(2.) The lease to be subject to any rights already granted to the waters of the lake, or the minerals in the bed thereof:

(3.) That the lessees shall begin the removal from the lake of the deposit already referred to within three years from the date of the lease, and shall during each year after the third year of the term, produce ready for disposal or shipment not less than 1,000 tons of the deposit referred to, and shall furnish satisfactory evidence of such production:

(4.) That during each of the first three years of the term of the lease the lessees shall expend in the development of the location described in the lease, in making preparation for the removal of the deposit and in the installation of machinery and equipment for such removal, the sum of not less than \$2,500, and shall at the termination of each year furnish the department with a statement under affidavit showing in detail the purpose for which such expenditure was incurred:

(5.) The lease shall not convey the right to divert or remove from the lake any of the waters thereof, without permission to do so having first been obtained.

(6.) Failure to comply with any of the conditions set out in the lease shall render that instrument subject to cancellation in the discretion of the Minister.

The Committee concur in the foregoing recommendation and submit the same for approval.

NOTICE.

Certified Extract from the Minutes of a Meeting of the Treasury Board, held on the 23rd October, 1919, approved by the Deputy Governor-General in Council on the 27th October, 1919.

INTERIOR:

THE Board had under consideration a memorandum from the Honourable the Minister of the Interior, reporting that the Canadian Pacific Railway Company has made application for right-of-way for a pipe-line for a water-supply at Twin Butts, B.C., being part of the West Half of Section 9, Township 24, Range 21, west of the 5th meridian, and containing an area of six hundred and forty-seven thousandths of an acre, as shown on the plan attached to the above-mentioned memorandum under date of the 16th October, 1919; that the pipe-line was completed in the year 1913 and has been in use ever since; that a Homestead Inspector's report, dated the 9th May, 1919, shows that the land through which the pipe-line passes is of no agricultural value and that he considers \$5 an acre a fair valuation of the land; that the Agent of Dominion Lands at Revelstoke recommends that the application be granted; that the land applied for is available and has been surveyed and the work approved by the Surveyor-General; that the

company has filed with the Department of the Interior a copy of the official certificate of a grant of the water rights at this point in its favour.

The Minister therefore recommends that the Canadian Pacific Railway Company be allowed to purchase the above-mentioned land at \$5 per acre.

The Board concur in the above recommendation and submit the same for favourable consideration.
